Style comes standard.

Add style, depth and texture to any project with Designer Series textured melamine panels. With hundreds of color and pattern options and the durability of thermal-fused melamine, Designer Series panels are ideal for projects demanding equal parts beauty, style and substance.
Beauty is in the details.

**Colorful Options**
Available in hundreds of custom colors and patterns.

**Lasting Beauty**
Provides superior resistance to stains, scuffs, heat and moisture, all without loss of color or surface texture character.

**The Finish Is Just the Start**
Glass, satin and straight-grain finishes offer added depth and texture to any project.

**Available Sizes**
- Up to 5' x 10'
- Can also be cut to size

**Textures**
- **Straight Grain** – The appearance, depth and richness of natural wood
- **Glass** – Adds a modern, high-gloss feel to the panel
- **Satin** – A smooth, non-gloss, stippled texture for added depth and richness

**Substrate Options**
- MDF, particleboard and SpectraCore
- Specialty substrates include moisture-resistant MDF and particleboard, fire-retardant MDF and particleboard, as well as other specialty substrates

Timber Products Company is one of the nation’s largest and most respected manufacturers of a comprehensive range of wood products.

As an independently owned, fully integrated company with dedicated manufacturing facilities in both the western and eastern United States, we provide immediate access to a tremendous selection of products and services. We’ve implemented new technologies to make our operations more efficient and our products more cost-effective. We can respond to your needs faster, with greater flexibility and with an absolute assurance of quality.

That’s a tremendous resource for any business.
