Specialized Veneers

Realize the full potential of your project with our Architectural Series of high-end domestic and exotic hardwood veneers. Access a world-class variety of over 200 species, with no minimum order and short lead times.

AA Plain Sliced Cherry

AA Plain Sliced Red Oak

AA Plain Sliced White Oak

AA Plain Sliced Teak

AA Plain Sliced Walnut

AA Rift Sliced White Oak

Any Order Quantity

Even just ONE panel! All core construction options are available. Get the exact number of panels you need for your project.

One-Stop Shop

Ship Architectural Series panels with your regular orders out of any of our Southern Oregon mills.

Low or No Shop Orders

Get full use out of every panel.

Quick Turnaround

Once core materials and hardwood veneers are in stock, turnaround can be as short as one week.

Stocking Substrates

Timber Products Company engineers multiple substrates that provide optimal quality and performance for every application. We also offer fire-retardant, water-resistant and no-added-urea formaldehyde (NAUF) panels. We only source products from responsibly managed forests.

We carry a large selection of substrate widths, lengths and thicknesses.

Particleboard (Commercial and Industrial Pine and Fir)

Medium-Density Fiberboard (MDF)

Domestic Veneer – One of the industry's finest softwood veneer cores using trees

harvested from our own forestlands and peeled at our facility. Option to add hardwood tropical crossbands.

Russian Birch Veneer – Perfect for an exposed-edge project.

SpectraCore – Highly engineered veneer core with MDF crossbands. Creates an ultra-smooth surface perfect for any thin overlay material.

ProCore – Also known as a laminating blank, this core has smooth MDF crossbands with veneer innerplies. Option to add more innerplies with thinner MDF crossbands.

Timber Products Company is one of the nation's largest and most respected manufacturers of a comprehensive range of wood products.

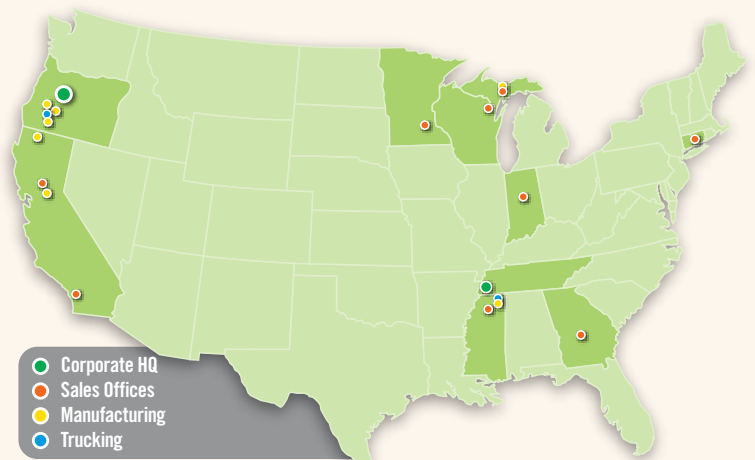

As an independently owned, fully integrated company with dedicated manufacturing facilities in both the western and eastern United States, we provide immediate access to a tremendous

selection of products and services. We've implemented new technologies to make our operations more efficient and our products more cost-effective. We can respond to your needs faster, with greater flexibility and with an absolute assurance of quality.

That's a tremendous resource for any business.
