

CustomCuts

Custom Components, Machining
Services & Edge Treatments

The Spectrum Division specializes in value-engineering a full range of custom components to meet your needs. From simple machining and edge treating to ready-to-assemble parts, Spectrum's CustomCuts program provides options and solutions to increase your efficiency.

Custom Components Program

Our numerous machining centers and state-of-the-art equipment provide cost-effective access to a full range of manufacturing and remanufacturing capabilities. We'll even meet with your manufacturing personnel to determine how to improve your production efficiencies, identify the most efficient ways to achieve your long-term goals and provide a quote that includes exact part counts for the maximum utilization of every panel, as well as lead times and delivery costs.

for high-quality, cost-effective components, manufactured to your exact specifications and dimensions. We will also source matching edgebanding for any laminate or wood species. Our custom shelving program can be your stocking program!

Drawer Sides

Spectrum offers high-quality prefinished wood drawer sides using Russian Birch as well as our standard domestic products.

All Spectrum component parts are meticulously packaged for maximum protection during transit.

Custom Shelving Program

Spectrum offers the ability to create any custom shelving program to meet your needs

Timber Products Company is one of the nation's largest and most respected manufacturers of a comprehensive range of wood products.

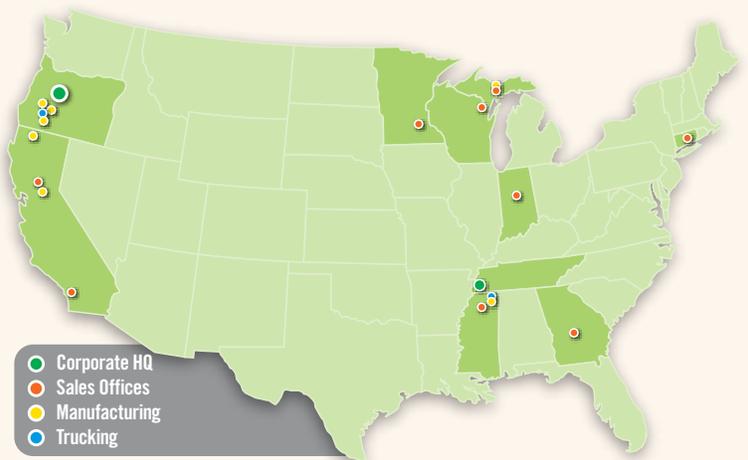

selection of products and services. We've implemented new technologies to make our operations more efficient and our products more cost-effective. We can respond to your needs faster, with greater flexibility and with an absolute assurance of quality.
