Trucking

Going Places.

TP Trucking, a common carrier and licensed property broker, specializes in moving a wide range of goods and materials in all 48 contiguous states and Canada. With a winning combination of advanced equipment, professional expertise, in-house logistics management and a commitment to safety, TP Trucking delivers.

THE BEST EQUIPMENT

By investing in the newest advanced trucks, trailers and technical equipment, including flatbeds, curtain vans, roll tops and dry vans, TP Trucking has what it takes to move goods anywhere in North America.

THE BEST TEAM

We have a proud history of hiring and retaining experienced, professional drivers, dispatchers and support staff who treat each load with the careful attention it deserves.

THE BEST MANAGEMENT

Our in-house logistics department ensures efficient dispatching, handling and routing of part or full loads. With terminals on both coasts, we are perfectly positioned to provide best-in-class, cost-effective transportation solutions.

A COMMITMENT TO SAFETY

With one of the best safety performances on record, TP Trucking has won dozens of awards throughout our 50-year history. Our commitment to safety is also reflected in our Federal Motor Carrier Safety Administration records.

“We’re always focused on bringing together the best people and the best equipment to help our customers succeed.”

Craig Turner, General Manager, TP Trucking

TP Trucking, a privately owned trucking services company, has been providing quality service and award-winning safety for more than 50 years. Whether we're moving a

customer's goods, fixing rigs or giving a fleet a fresh coat of paint, TP Trucking works hard to get the job done right.

Timber Products Company is one of the nation's largest and most respected manufacturers of a comprehensive range of wood products.

As an independently owned, fully integrated company with dedicated manufacturing facilities in both the western and eastern United States, we provide immediate access

to a tremendous selection of products and services. We've implemented new technologies to make our operations more efficient and our products more cost-effective. We can respond to your needs faster, with greater flexibility and with an absolute assurance of quality.

That's a tremendous resource for any business.
